

SOUND+IMAGE

MEDIA KIT **SOUND+IMAGE**

SOUND+IMAGE is Australia's premier lifestyle home electronics entertainment publication, providing easy-to-read information about audio and video equipment, and how ordinary consumers can assemble extraordinary systems that sound and look great.

With regular product reviews and comparisons, technology features and buyers guides, Sound+Image caters to both first-time buyers and consumers who have already begun building home entertainment systems and now have their sights set on the next upgrade. Products and services for this set of consumers are honoured at the annual Sound+Image Awards, which highlight outstanding equipment and the efforts of custom installation businesses, adding value to both point-of-sale and advertising promotions for clients.

The custom installation pictorials are a joy to read and view, demonstrating the

benefits and attractiveness of integrating audio and video control throughout the home. They also discuss lifestyle advantages, such as automated lighting, security and temperature systems.

The need for informed advice about the best entertainment products and services continues to grow, as convergence, the internet and wired/unwired networking turns homes into high-tech broadband digital living spaces. Sound+Image delves into this emerging new world and delivers with accuracy, punch and understanding the needs of the home entertainment aficionado.

Sound+Image is published 8 times yearly and distributed nationally. For advertising that works, call Rick De Rosa on (02) 9901 6348 or 0418 203 768, or Jim Preece on (02) 9901 6150 or 0400 808 900.
