

PROFILE

Australian Science Illustrated

Science Illustrated provides a pragmatic approach to the all-encompassing world of science, a magazine for the intellectually curious readers with a passion for science and discovery. For an accessible and intelligent look at the world around us, Science Illustrated has no equal. Published eight times a year, each issue is packed with amazing photography, illustration

and commentary on a huge range of topics. From Archaeology to Cosmology, from Medical Science to Animal Behaviour, this is the science magazine with everything. Written in a clear, concise, accessible style, Science Illustrated is perfect for readers both young and old, pitched for a family, high school and student readership, and guaranteed to fascinate everyone. Science

Illustrated explores nature, space, medicine and technology, showing the beauty of our world while understanding the latest scientific discoveries. Launched in Australia in 2009, Science Illustrated is part of an international family of licensees, and commands global reach and respect. The only English language edition of the magazine, it is available worldwide on iPad, or in print in Australia and New Zealand.

Distribution - Available through Leading newsagents, Subscriptions, and digitally through Libby, Readly, Zinio

Digital Edition

As well as being available in print from newsagencies around Australia and by subscription, Science Illustrated is also available in electronic format for multiple platforms including iPad, Android, PC and Mac, while additional exclusive content, including news, reviews and feature articles, is continually posted on Science Illustrated's website, at www.scienceillustrated.com.au/blog/
